	APPROVAL OF STATE ENGINEER
Th	is is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the
righ gran	glimitations and conditions: This permit is issued subject to all existing ts on the source. It is understood that the amount of water herein ted is only a temporary allowance and that the final water right ined under this permit will be dependent upon the amount of water ally placed to beneficial use. It is also understood that this
righ	t must allow for a reasonable lowering of the static water level
at p	ermittee's well due to any other ground water development in the
irea.	. A substantial weir or other type of measuring device must be
inst	alled and measurements of water use kept. The well shall be
to p	r. If well is flowing, a valve must be installed and maintained revent waste. The State retains the right to regulate the use the water herein granted at any and all times.
